OBJECTIVES:

On completion of this activity, the participant should be able to:

- Describe the diagnostic evaluation process to distinguish epileptic and non-epileptic attacks.
- Describe the use of video-EEG monitoring in achieving a diagnosis for individuals with drug-resistant seizures.
- Describe and balance the armamentarium of treatment options for the newly diagnosed and refractory patients.

SOWEGA-AHEC is an approved provider of continuing nursing education by the Georgia Nurses Association, an accredited approver by the American Nurses Credentialing COA. This activity is approved for 1.0 contact hours.
Activity # 2010-09B
